National Innovation and Startup Policy (NISP) — MSAJCE

Vision:

To cater the needs of student entrepreneurs with innovative ideas thereby introducing a culture of entrepreneurship inside campus which will strengthen our education system and thereby promoting national economic and social growth.

Mission:

To develop an ecosystem with required infrastructure that can enable students and faculty to innovate and prototype their potential ideas with industrial standards and support from Government, industry and reputed academic institutions around the world and help them to realize their potentials.

Short Term Objectives:

1. To help student groups to prototype their ideas.
2. To improve innovation, creative and design thinking among student community.
3. Incubation facility for faculty driven start-up and student/alumni start-up.
4. Organize FDP, seminars and workshops, distinguish talks for students, faculty and alumni and promote entrepreneurial culture.
5. Strengthen institute-industry interaction cell activity and effectively use the outcomes for achieving the mission.

Long Term Objectives:

1. Associate with DST, CII, MSME and other academic institutions for transferring world class facility for MSAJCE IEDC activities.
2. Improve quality of research work among students and to attain patent, which can be commercially used in production.
3. Provide a platform for students to develop innovative products with global recognition and generate business opportunities.
4. Generate revenues through consultancy work and student start-ups.
5. Spread awareness to students and faculty regarding IPR related activities.
6. Strategic partnership linkage with:
 - a. Entrepreneurship Development Institute of India (EDII), Chennai.
 - b. National Innovation Foundation (NIF) of India to submit ideas and apply for schemes.
 - c. Procure fund from AICTE for Entrepreneurship Development Cell.

6. Institution Innovation Council (IIC) — About, Vision, Mission & Office Bearers

Chunk ID: msajce_incubation_chunk_06 | URL: <https://www.msajce-edu.in/Incubation&Startup.php/#tab4> | ~505 tokens

Context: Covers the IIC constitution, its major functions, vision, mission, and office bearer details for MSAJCE's Institution Innovation Council.

Institution Innovation Council (IIC) — MSAJCE

IIC-MSAJCE has been constituted as per guidelines of the Ministry of Human Resource Development Innovation Cell (MIC).

Introduction:

Ministry of Human Resource Development (MHRD), Govt. of India has established 'MHRD's Innovation Cell (MIC)' to systematically foster the culture of innovation amongst all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are in their formative years.

MIC has envisioned encouraging creation of 'Institution's Innovation Councils (IICs)' across selected HEIs. A network of IICs is established to promote innovation in institutions through multitudinous modes leading to an innovation promotion eco-system in campuses.

Major Focus of IIC:

- To create a vibrant local innovation ecosystem.
- Start-up supporting mechanism in HEIs.
- Prepare institute for Atal Ranking of Institutions on Innovation Achievements (ARIIA) Framework.
- Establish Function at Ecosystem for Scouting Ideas and Pre-incubation of Ideas.
- Develop better Cognitive Ability for Technology Students.

Functions of IIC:

- Identify and reward innovations and share success stories.
- Organize periodic workshops/seminars/interactions with entrepreneurs, investors, professionals and create a mentor pool for student innovators.
- Network with peers and national entrepreneurship development organizations.
- Create an Institution's Innovation Portal to highlight innovative projects by institution's faculty and students.
- Organize Hackathons, idea competitions, mini-challenges with industry involvement.

IIC Vision:

To be a centre of excellence for transforming students into proficient Electrical and Electronics Engineers through sustainable practices.

IIC Mission:

M1. Impart core fundamental knowledge and necessary skills in Electrical and Electronics Engineering through innovative teaching and learning methodology.

M2. Inculcate critical thinking, ethics, lifelong learning and creativity needed for industry and society.

M3. Cultivate students with all-round competencies for career, higher education and self-employability.
